## Parents Of Deaf Beauty Ask Her Admission To Mental Hospital

ROYAL OAK (AP) — At the age of 4½, Sheri Faye Painter, a curly-haired, precocious, little blonde, filled her parents' hearts with joy.

When she was 16, her mother and father watched with parental pride as Sheri went through a teenage summer puppy love with a young man who seemed enthralled with her.

It was so easy to forget, from time to time, that Sheri was

not normal.

She wasn't.

Sheri was born deaf—as a result of nerve damage when her mother suffered a bout with the mumps while pregnant, doctors theorized.

Now, at the age of 21, Sheri is diagnosed as a catatonic schizophrenic. Her parents, Mr. and Mrs. Joseph Painter, are fighting a battle against red tape to get her into a state hos-

pital at Northville, Mich., because it is one of the few hospitals in the country with facilities and personnel to treat mentally ill, deaf patients.

But State Health Department regulations say the beautiful young woman with the warm blue eyes must go to a state hospital in Pontiac, the seat of Oakland County, where she lives—even though there is no specialist to treat her there.

Sheri was not the type of girl who had a handicap and simply lived with it. She went to summer camp, and learned how to skate, swim and dive. She also took ballet and acrobatic lessons, her parents recall.

After she graduated from Michigan School for the Deaf, Sheri went to a business college and then worked as a keypunch operator.

"Sheri always had very high

goals," says her mother. "She had a taste for the better things."

Mrs. Painter says her daughter's classmates always were jealous of her good looks and once threatened to beat her up because she had beautiful teeth.

Sheri's parents say the young man who dated her was enthralled by her and touched by her handicap. After he left, Mrs. Painter says, Sheri was

sure the romance ended because she was different from other girls.

"Marriage was definitely part of Sheri's plans," her mother says. "Lately she seemed to think it was too late for her—that she'd never get married."

Now, Sheri—a patient for the moment at Royal Oak's William Beaumont Hospital—tells her parents and doctors she is married. She tells them about her

imaginary husband. She thinks, say her parents, that she is going to have a baby.

In Sheri's room at home sits a worn, stuffed lion. In the corner, skirts and sweaters are piled in a box.

Soon, unless the Painters find away around the red tape, they will have to go to Oakland County Probate Court to have their daughter committed to Pontiac State Hospital.

MASS PICKETING by these local yokels comes too late to change the calendar. The truth of the matter might best be expressed by the expression of the gobbler at the lower left, who seems pretty down-in-the-beak over their chances of winning the negotiations. One thing for sure the Battle Creek area turkey farm owner of these white beauties—Wayne Cornell—has other things in mind for them than standing around gobbling up a storm over Thanksgiving. (AP Wirephoto)

### Conferences Foster Prediction

## Nixon Has Picked Some Cabinet Men

NEW YORK (AP) — President-elect Richard M. Nixon, continuing closed-door meetings with advisors and prominent Republican officeholders, apparently has just about made up his mind on some Cabinet appointments.

Although Nixon has said he'll make known no Cabinet choices before Dec. 6, GOP Sen. John G. Tower of Texas emerged from a Monday conference with the President-elect and acknowledged they'd talked about possible Cabinet selections. Democrats as well as Republicans.

Asked if it would be accurate to say Nixon has not yet decided on any Cabinet nominees, Tower carefully responded that Nixon indicated no final decisions to him—leaving wide open the suggestion that the incoming

chief executive has privately reached, or is very close to, some final choices.

Tower, one of three prominent Republicans to meet with Nixon during the day, gave a thumbnail description of the kind of Cabinet he believes is being sought by Nixon: "People of great professional competence"

### Await Decision On 78 Miners

MANNINGTON, W.Va. (AP) — Rescue leaders and company officials indicate they may have to reach an immediate decision on whether they have gone as far as they can in trying to rescue 78 men trapped for six days in a coal mine wracked by explosion and fire.

Most of those directing the rescue operation said they were "not quite" ready to make such a decision but time and continued setbacks are working against them.

Almost every rescue method, almost every device known—except for sealing the mine and the fate of the 78 along with it—has been brought into play in the tense six days since the first blast shuddered through Mountaineer Coal Co. No. 9 mine.

The 99-man midnight shift was about to finish its work last Wednesday morning when the mine quivered from the explosion. The other 21 managed to escape or were rescued.

Adding to the problem was a report on the analysis of gas content in the mine shaft where a thin copper tube poked through and sucked it to the surface for examination.

The report on the sample showed it to contain 7.4 per cent deadly methane gas—more than three times the limit for humans—and one per cent carbon monoxide, 50 times the tolerable limit.

"You and I could not live in it," President John Corcoran of Consolidation Coal Co., parent firm of Mountaineer, told a news conference.

"We know the hopes are slim," Corcoran said. "Let's face it. The question now is how much longer do we go before the judgment has to be made, that based on all the evidence accumulated, that the very best job that can be done has been done."

whose ideas are not incompatible with those of the President-elect and who have an ability to implement those ideas.

The Texas senator said Nixon would like "geographical balance" in the Cabinet but would not sacrifice other considerations to parcelling out appointments on a regional basis.

Sen. Jacob K. Javits of New York was another visitor who acknowledged talking to Nixon about specific jobs and specific possible officeholders. Like Tower, he wouldn't mention any names but offered this teasing comment:

"I happen to be the senior senator from a state with an awful lot of talent."

#### Retain Negotiators

Javits, recently returned from a European tour, said Nixon specifically authorized him to state that the President-elect "showed an interest" in a proposal by the senator that if the Paris peace talks continue after Jan. 20, one of the two U.S. negotiators—W. Averell Harriman or Cyrus Vance—be retained by the new administration to provide continuity.

The President-elect authorized me to report that he showed an interest in the question of continuity," said Javits, who added that the future President has made no decision on the matter.

Javits talked to Harriman and Vance while in Paris and said they are pushing their peace quest "without waiting for the new administration."

Rhodes Not Candidate

He said he found Europeans deeply interested in the achievement of a Vietnam peace. In response to a question, he said they are primarily interested in peace without consideration to the kind of settlement that might evolve.

Gov. James A. Rhodes of Ohio and the state's Republican chairman, John S. Andrews, talked to Nixon about prospective federal programs, including questions of block tax grants to the states and a major overhaul of the federal welfare program.

Rhodes, whose term as governor expires in 1971, told news:

"I'm not a candidate for any job. I have not applied and I will not apply. I will serve out my term."

Later he talked about the need for the job to seek the man, which seemed to keep him still in the running for a possible high position in the Nixon ad-

### Thankful To Men In Uniform: LBJ

WASHINGTON (AP) — President Johnson has singled out the nation's 3.5 million servicemen and women—whom he said bring hope and freedom from fear to Americans—in his Thanksgiving Day message.

"Foremost among those whom we remember," Johnson said, "... are the brave men and women in uniform whose sacrifices have protected our nation and preserved our cherished heritage of freedom."

"We are one in gratitude on this Thanksgiving Day as we are reminded of your constant courage and unquestioned devotion to this country."

"For thanks to you, there is hope in the homes of America today, and the hearts of America are free from fear."

Secretary of Defense Clark M. Clifford, in his own message to the forces, said "none of our citizens deserves ... gratitude more" than those serving in uniform.

Senators and Congressmen

also expressed their thanks to the men and women in uniform.

Informants said the mystery

### France's Cutbacks To Include Atomic Tests

PARIS (AP) — France's 1969 atomic test program in the South Pacific will be canceled and credits will be reduced for the supersonic transport plane Concorde as part of the French austerity program to save the franc, Premier Maurice Couve de Murville announced today.

Couve de Murville gave the National Assembly the news on civilian and military projects that will suffer in a cutback of the 1969 budget deficit from 11.7 billion francs—\$2.34 billion—to 6.354 billion francs—\$1.27 billion.

The premier said that a 4.25 per cent payroll tax will be canceled, and adjustments made in the added value tax to compensate for the loss in revenue.

This is intended as an aid to exporters. The added value tax does not apply to exports. The elimination of the payroll tax will apply to all employers.

#### Gold Buying Off

Couve de Murville said there would be a double advantage to this since exports would be aided by lower costs to manufacturers, and imports will be subjected to the higher added value tax.

#### Costs Ballooned

The Concorde supersonic transport project is a joint venture with Great Britain. Its costs have ballooned from an

estimated \$448 million in 1962 to about \$2 billion. The cut announced by Couve de Murville will be \$12 million in the French contribution for 1969. It was not known how much delay this might cause in the program. The first prototype is scheduled to fly late in December.

The premier said that a 4.25 per cent payroll tax will be canceled, and adjustments made in the added value tax to compensate for the loss in revenue.

This is intended as an aid to exporters. The added value tax does not apply to exports. The elimination of the payroll tax will apply to all employers.

#### Gold Buying Off

Couve de Murville said there would be a double advantage to this since exports would be aided by lower costs to manufacturers, and imports will be subjected to the higher added value tax.

#### Today's Chuckle

Now there's a helicopter that fits into a garage—which is another advantage they have over automobiles.

The added value tax is the equivalent of a sales tax.

Couve de Murville spoke against a backdrop of signs of calm in Europe's money markets after last week's heavy speculation against the franc. France's decision not to devalue the franc had at least a temporary bracing effect.

The franc was firmer in Paris, and gold buying dropped off, showing somewhat more confidence in the French currency.

The British pound moved ahead for the second day and the U.S. dollar was steady on Europe's markets. Devaluation of the franc had threatened both the pound and the dollar.

In West Germany, marks were still being exchanged for dollars, but at a less feverish rate than on Monday. The German decision not to revalue the mark upward caused speculators to unload them for dollars.

London dealers said pressure from buyers of gold simply dried up. The price fixed in the afternoon was \$39.70 an ounce, the first time since the crisis began last week it had gone under

#### Weather

ESCANABA AND VICINITY—Today, snow or snow flurries with an inch or two accumulation possible and difficult driving conditions developing, cooler. High 33. Tonight, mostly cloudy and cooler with chance of snow flurries, low about 20. High yesterday, 42 and low overnight, 32. Wednesday, cloudy and cool with chance of occasional flurries, high 28. Thursday outlook: cloudy and cooler with rain or snow. Winds, southeast (8 to 18 mph) becoming northeast (10 to 20 mph) tonight and westerly (5 to 15 mph) Wednesday. Precipitation probabilities: today, 80%; tonight, 50%; Wednesday, 40%.

Upper Peninsula — One to two more inches of snow in the eastern portion and nearly an inch more elsewhere this afternoon. Little temperature change. High 28 to 34. Cloudy and colder tonight, with a chance of snow flurries, especially near Lake Superior. Low 18 in the west portion, near 25 in the east section. Cloudy and cool Wednesday with a chance of snow flurries. High Wednesday 27 to 32.

## Administration Expecting Saigon In Paris Shortly

### Mystery Envoy Arrives In Paris

GUS PULTER JR., 34, and his wife, Pamela, 31, became the parents of quadruplets, three girls and a boy, Sunday and are pictured in the hospital after the big event. Pultzer, a Detroit auto plant technician, gave all new daddies a lesson in nonchalance. He spent the afternoon following the births watching the Detroit Lions-New Orleans Saints football game. The Pulters have two other children. (AP Wirephoto)

### End Of Boycott On Peace Talks Being Forecast

WASHINGTON (AP) — Administration sources expect Saigon to announce in the very near future it will join expanded Paris peace talks, ending a boycott that has stalled negotiations for almost a month.

High State Department sources viewed the situation, however, with "utmost caution" and none would venture a guess on whether an announcement might come in hours or days.

Informants pointed out that once before, on Oct. 31, the United States had every reason to believe South Vietnamese President Nguyen Van Thieu had agreed to the "package" of halting the bombing of North Vietnam and transforming the bilateral Paris talks into a fourway affair.

#### Saigon At Head

Thieu, however, refused to join the talks that were scheduled to start Nov. 6. He objected to the possibility that direct talks with the National Liberation Front—political arm of the Viet Cong guerrillas—would give the appearance of heading toward a coalition government in the South.

He also insisted Saigon delegates head the U.S.-South Vietnam team.

Thieu and U.S. Ambassador Ellsworth Bunker have been drafting an agreement, taking it word by word, Washington officials said.

These discussions, they said, have reached the point where an announcement is considered imminent.

Reports that Saigon is near agreement to join the talks came after a day of activity in Washington.

#### Met With Rusk

President Johnson met with Secretary of State Dean Rusk and then with the National Security Council, comprised of the top presidential military, diplomatic and intelligence aides. A White House spokesman said no special events required the meeting.

Rusk later met with Soviet Ambassador Anatoly Dobrynin who is scheduled to return shortly to Moscow for consultations.

Johnson had been expected to enter the hospital momentarily for a checkup on a chronic intestinal disorder. It was not clear whether the visit had been delayed or just not firmly scheduled yet.

After President Johnson halted the bombing of the North last month, Hanoi agreed to four-sided talks in Paris with North Vietnam and the NLF on one side of the table and Saigon and the United States on the other.

#### Speculation

Thieu objected to considering the talks four sided with the NLF having equal status. The U.S. has considered the proposed talks as two-sided—the "our side, your side" principle that avoids an appearance of division.

## Students March To Aid MD Fund

The Key Club of Escanaba's Holy Name High School will coordinate the Muscular Dystrophy student March, Nov. 27 through Nov. 30, Brother Mark announced today.

Tom Swift and Brother Mark are co-chairmen of the annual Holy Name High School student March for dystrophy.

On Saturday, Nov. 28, 15 members of the Key Club made the student assignments. They

## Snow Warnings Issued For U.P.

By The Associated Press Heavy snow warnings for Michigan's northern Lower Peninsula and parts of Upper Michigan were issued today by the U.S. Weather Bureau.

Up to four inches of new snow can be expected before the snow tapers off into flurries tonight, the bureau reported, saying a storm moving easterly left as much as three inches in Wisconsin overnight.

State Police reported highways snow covered and slippery early today in the Wakefield-Ironwood area of the western Upper Peninsula, with much of the rest getting light snow.

Light snow had started falling over the northern Lower Peninsula by 5 a.m., State Police said, naming these areas in which roads already were wet and slippery: Manistee, Reed City, Mt. Pleasant, West Branch, Alpena and Traverse City.

Temperatures were reported dropping rapidly in the wake of the snowstorm, with Bozeman, Mont., registering zero overnight.

### Christ The King Thanksgiving Service Set

Christ the King Lutheran Church will hold its annual Thanksgiving worship service on Thanksgiving Eve at 7:30 p.m. at the Webster School gymnasium.

In place of the usual Thanksgiving giving sermon, a film "Vietnam Profile", will be shown. This color film depicts God at work in the midst of war. Many of the scenes were shot under the hazards and difficulties of combat conditions.

The film was produced by Dr. Bob Pierce for World Vision International, which is a non-profit organization, best known for its care of over 20,000 orphans in 20 countries.

A Thanksgiving offering will be received for the LCA's ACT (Act in Crisis Today) Appeal. Musical selections by the Youth Choir will include, "Thanks Be To Thee", and "The Prayer of Thanksgiving", accompanied and directed by Miss Susan Fletcher. Everyone is invited.

**Cooperative Effort:**

# Action Unified For Industrial Growth

A cooperative effort toward the encouragement of industrial growth and development in the Escanaba area was agreed upon Monday night by three of the community's most vitally concerned groups—the City Council, Escanaba Foundation and the Chamber of Commerce.

Representatives of each, plus Robert Gage of Detroit, head of Michigan Consolidated Gas Co. development department, and Don Desotelle, general sales manager, U. P. Power Co., met in the City Hall.

The discussion centered on the necessity to prepare a development plan, and to work cooperatively in directing unified efforts to further industrial activity. The meeting was called by the City Council.

**Contact Man**

The Council, the Foundation and the Chamber of Commerce through many years have worked toward economic growth of the area, sometimes separately, sometimes together.

## Bantle Resigns C&NW Position

Gary D. Bantle

### U.S. Marines Invade DMZ

SAIGON (AP) — U.S. Marines and South Vietnamese infantrymen invaded the demilitarized zone today for the first time since President Johnson called the bombing halt Nov. 1.

United States infantrymen, planes and artillery were reported fighting an enemy force 500 yards inside the southern half of the zone just above Con Thien. The South Vietnamese reported at least three North Vietnamese killed in a brief clash seven miles to the east, about a mile inside the DMZ northwest of Gio Linh.

Bantle will replace Harry L. Kirk, of Marquette, also a former C&NW trainmaster at Escanaba, who is retiring from the LS&L.

No successor as trainmaster at Escanaba has been named by the North Western.

Bantle came to Escanaba as trainmaster in Nov., 1967, replacing Carl F. Biron, who was transferred to another position in Milwaukee.

He had been with the C&NW since 1949, serving in Chicago, Ill., Winona, Minn., and Milwaukee, Wis., before coming to Escanaba.

## NY Commuters Look For Rides

NEW YORK (AP) — The 90,000 commuters of the struck Long Island Rail Road make their nerve-wracking way to and from New York City via bumper-to-bumper traffic and jammed buses and subways today for the second day.

With the nation's busiest commuter line shut down Monday by a trainmen's walkout over a new timetable, the time element in getting to work proved a travel headache of giant proportions.

"I've never seen anything like it in my life," said a man who drove for two hours from Bethpage to Manhattan—a trip that usually takes about 45 minutes.

Grand Central Parkway, for instance, was clogged with a six-mile stream of barely moving autos during the rush hours.

**THE FAIR STORE TONIGHT ONLY!**

7 P. M. to 9 P. M.  
**10% OFF ON EVERYTHING ON ALL 4 FLOORS**

community in contacts with industrial representatives.

The scope of information to be assembled is vast, ranging from utility rates and zoning questions, the tax rates and land available for development, and the educational, cultural and religious life and institutions of the community.

In attendance at the meeting were:

Escanaba Foundation representatives Rus Lee, Hubert Shepeck and Don Brandt.

Chamber of Commerce representatives Don Brandt, Walter Lewke, Arthur Arche, Francis Breaux, Gary Barton, Frank Bourke, Dick Marenger and James Schultz.

City Council members Chase, Edward J. Cox, H. George Nelson and Robert Bink; and City Manager George Harvey and City Clerk Don Guindon.

There was agreement that the discussion was most helpful in bringing about unity of thought that is expected to lead toward an even more effective program of action in winning industrial growth for the community.

This man would have at his fingertips all of the answers to questions that might be asked—such as zoning to power rates. The position would be non-salaried but he would receive reimbursement for expenses.

The Escanaba groups agreed that such a person should be appointed in Escanaba, to be selected by a committee composed of Mayor Cecil B. Chase, President Don Brandt of the Escanaba Foundation, and Russ Lee of the Escanaba Foundation.

**Plan Prospectus**

"We hope to meet early next week and consider the selection of a man to fill the job for Escanaba," said Chase.

He would be a coordinator as well as a contact man, but he would not be expected to visit metropolitan centers or go out seeking new industries. Rather, he would have at his fingertips the answers necessary to satisfy the inquiries of industrialists who evinced an interest in Escanaba, the mayor explained.

A new prospectus will be prepared for distribution to industry, bringing up to date the information which was assembled for a promotion booklet several years ago. The goal is "instant information" and the service of an individual who will effectively sell the com-

munity in contacts with industrial representatives.

The scope of information to be assembled is vast, ranging from utility rates and zoning questions, the tax rates and land available for development, and the educational, cultural and religious life and institutions of the community.

YOGI BEAR in Yellowstone Park? Hardly, but brother bruin seems to be enjoying himself on a snowmobile. Actually the black bear was shot at Watson by Fred C. Rock of Lincoln Park and strapped to the snow machine by his party of Lower Michigan hunters, including William Dougherty, Lee Seely, Robert Cray and Ken Smith. Rock plans to donate the bear to the wild game supper scheduled by the Moose Lodge of Lincoln Park. (Photo by C. M. Zappala, Bark River)

**Briefly Told**

**Elks Lodge 354** will meet on Wednesday evening, Nov. 27 at 8:30 p. m.

**The Bay de Noe** Toastmasters met at the Sherman Hotel Monday night with Rev. Paul Horst giving invocation and President Dick Powell conducting the meeting. Participating in the program were Fred Fisher, Harland Lippold, Al

Piquette, John Lamse, Art Brien, Tom McDermott, Rick Geiss, James Wren, Jay Bennett, Walter Peterson and William L. Miller. Next meeting will be held Dec. 9.

**Delta Lodge No. 195 F&AM** will hold a special communication at the Masonic Temple at 7:30 p. m. Wednesday. There will be work in the M. M. degree. Lunch will be served. Visiting Masons are invited.

# GOP Appointments Influence Caucus

CADILLAC (AP) — Michigan's Republican senators, meeting in private caucus to plot legislative strategy for the upcoming session, are laboring under the shadow of President-elect Richard M. Nixon.

In normal times, the Senators would elect officers and committed chairmen and get down to the business at hand. But Nixon is expected to force some changes by appointing Michigan men to federal administrative positions.

Foremost among these is Gov. George Romney, who is expected to be offered a substantial job. If he accepts, Lt. Gov. William Milliken will move up to fill Romney's chair.

This would leave the lieutenant governor's chair vacant and also the Senate presidency. President Pro Tem Tom Schweigert of Petoskey, who is expected to be reelected president pro tem, would assume Milliken's Senate position — and possibly be elevated to lieutenant governor.

**Research Legality**

Whether the latter is possible remains unclear. But Republicans reportedly are researching the legality of the move.

This series of moves, in turn

would leave open the position of president pro tem.

Senate Majority Leader Emil Lockwood of St. Louis, who was the first major Michigan Republican politician to back Nixon before the Republican national convention also could be called to Washington.

Lockwood flew to New York last week and spent many hours with top Nixon aides. He was offered a federal post—reportedly including deputy director of the International Revenue Service—but turned it down.

Lockwood said he does not want to go to Washington at this time. In two years, he admits, when his present Senate term expires, he reportedly would

## Plane Crashes Killing Americans

VIENTIANE, Laos (AP) — An Air America C46 plane chartered by the U.S. Agency for International Development crashed soon after take off from Savannakhet today, killing 32 of the 34 persons aboard.

The passengers were mainly U.S. Aid officers and local employees.

Romney reportedly has not yet been summoned to New York or Key Biscayne, Fla., to discuss federal positions. But Senators meeting here at the swank Caberfae Lodge are aware that the party's power distribution in the Senate could be radically altered if both Romney and Lockwood resign.

Romney is expected today to address the three-day caucus. The senators spent most of Monday discussing rule changes before getting down to major issues, electing officers and plotting a legislative program.

# Need snowmobile money?

## Use ours!

If your winter-fun plans include a new snowmobile, you'll likely need money to finance it. That's where First National Bank and Trust Company comes in... or where you come in to First National. We have cash on hand to finance your new snowmobile at our low cost bank rates. You can go snow-

mobile to "see it like it is" out there this year, and also have a nice chunk of money on your snowmobile financing. For immediate cash and easier payment terms, call on First National Bank and Trust in Escanaba. We'll help you make tracks for winter fun.

In Saigon, newspapers are reported to be giving favorable play to Secretary of Defense Clark M. Clifford's news panel comments Sunday about according Saigon a leading role in some peace conference matters. South Vietnamese Premier Tran Van Huong is quoted as saying Saigon could discuss internal political questions with an NLF delegation.

# Machinery Blamed For Many Farm Mishaps

By JACQUELINE KORONA

EAST LANSING (AP)—Working on the farm can be dangerous—especially so if machinery helps the farmer do his chores.

Michigan State University reports that nearly one-fourth of 280 accidents cited in a study of farm mishaps involved such farm machinery as tractors, wagons, balers, combines, elevators and corn pickers.

"Corn pickers as popularly believed," says the MSU Michigan farm accident study, "are not the leading cause of accidents. In fact, they contribute only 1.1 per cent of all accidents to farm people."

Farm machinery, however, is dangerous," the report says. It adds that "several likely candidates for an accident prevention program" would be tractors, ladders and farm wagons.

"There is a large potential for improvement in safe practices in these three categories," the report says.

The report, released late last week, took the joint efforts of the MSU Agricultural Engineering Department and the Rural Manpower Center, along with contributions from the Cooperative Extension Service in 11 counties and the Michigan Farm Bureau safety chairman in several areas.

**Delta Included**

Some 224 interviewers in the counties—Alpena, Berrien, Branch, Delta, Jackson, Kent, Mecosta, Monroe, St. Clair, Tuscola and Van Buren—spent a minimum of 20 hours each getting information from 2,139 farm families and employees.

During the one-year period surveyed—June 1967 through May 1968—280 accidents occurred on the farms in the study. Of these, 142 were farm-work accidents while the rest occurred while farm people were working in their homes, elsewhere, or were involved in leisure time activities.

Through scientific data com-

puting methods, the researchers concluded that:

**Hired Labor**

Accidents do not happen by pure chance. A variation in farm factors and in family characteristics affect the occurrence of accidents.

The accident rate of hired labor in the (random) sample was significantly higher than that of the farm family.

Farm-work accident frequencies are affected by both age and sex groups. Male accident rates are higher than female rates.

The findings of this study may be applied in many ways," says Carl W. Hall, chairman of the Agricultural Engineering Department.

"It provides a base for developing and evaluating future farm safety extension programs. It provides supplemental information on the nature and incidence of accidents that come under workmen's compensation insurance.

"Information on a broad range of questions related to the nature and extent of accidents occurring on farms and to farm people in Michigan is presented in this report," he says.

Researchers hope their work may help cut down future accidents on the farms.

## Board Acting To Prohibit Boating In Unsafe Waters

WASHINGTON (AP)—The National Transportation Safety Board said Monday the Coast Guard should be authorized to prohibit operators of boats from sailing into unsafe waters.

In a report on the Lake Michigan squall accidents of Sept. 23, 1967, the board demanded also more aggressive enforcement of the Coast Guard regulation against reckless or negligent operation of vessels.

The Board recognizes the right of the individual to fish," the report said.

"However, when his actions result in endangering the lives of passengers and rescue personnel, preventive actions are necessary."

Seven fishermen were drowned when their small boats capsized on Lake Michigan in 1967. Operators of some 500 motorboats were out that day fishing for the large numbers of Coho salmon.

The board said small-craft warnings were posted at 8 a.m., but many of the boats had set out to the fishing area before that time.

The board recommended that storm warnings be issued as far in advance as practicable, that the warnings be broadcast in a more meaningful manner relative to sea conditions, and that the number of warning display sites be increased and that the traditional flags be supplemented by plainly worded signs.

A principal cause of the loss of life was the failure of any of the victims to wear available life preservers or buoyant vests, or to use buoyant cushions, the board said.

**American Motors Issues Recall**

DETROIT (AP)—American Motors Corp. said today it is recalling dealers and owners of replacements required in steering linkage components on some 5,622 of its 1969 Rebel and Ambassador cars.

The company said it is recalling 5,790 Rebels and 11,179 Ambassadors for inspection to locate the 5,622 believed to have faulty parts.

"Some of the components involved were found to be improperly treated by the vendor and are subject to failure under certain stress conditions," said E.W. Bernitt, vice president of safety and quality assurance.

Bernitt said the faulty parts came from one of two suppliers, and that both the Pitman and Idler arms are being replaced in cars found to have been equipped with faulty parts.

He said the possibility of arm breakage was greatest when the car was being parked or moving slowly.

Ronney also reappointed Clayton E. Johnson of Royal Oak to the State Board of Safety Compliance and Appeals.

Both appointments are subject to Senate confirmation.

**Schizophrenia**

ANN ARBOR (AP)—The Michigan chapter of the American Schizophrenia Foundation elected George Bunnell of Wyandotte as president at a weekend Ann Arbor meeting. He succeeds the Rev. William Buckman of Lansing. Bunnell's wife was named vice president.

## Find Lower Half Of Woman's Torso

WINDSOR, Ont. (AP)—The lower half of a woman's torso was discovered by police Monday on a beach near Colchester, close to the spot where the upper half of a woman's torso was found last week.

Windsor detectives took the latest discovery back to Windsor and said it probably will be sent to the Center of Forensic Sciences in Toronto, where the upper torso is being studied.

Detective-Inspector John Harrison said the two pieces have not been identified.

Colchester is 25 miles south of Windsor.

**Undergo Exam**

GRAND RAPIDS (AP)—Russell J. Dykstra, 22, of Rockford, will undergo examination Jan. 3 on a charge of raping a Grand Rapids Township woman last Oct. 18. Until his arraignment here, he had been held in Newaygo on a similar charge. He was unable to post \$5,000 bail here or \$10,000 in Newaygo.

JOSEPH J. HALBACH, 38, above, former corporate industrial relations counsel for Texas Instruments, has been named vice president-personnel, industrial and public relations of Harnischfeger Corp. He succeeds Robert O. Losse, who resigned last month.

## Love Of Country Is De Gaulle's Gamble

By JOHN CUNIFF

NEW YORK (AP)—If pride, love of country and determination could do it, French President Charles de Gaulle would win his big gamble. That, really, is his arsenal in the battle of the franc.

Realistically, the world's financiers do not respect these attributes. They look instead to the amount of inflation, the balance of payments, the direction of the economy, the soundness of fiscal policy.

These are the things that determine a currency's worth, its strength. As with a corporation so with a nation. Investors avoid owning shares of firms with poor earnings, low worker productivity, mismanagement, bills due.

On the side of the franc is a good deal of willpower, but even De Gaulle cannot stare down an attack on his currency. Those who attack have their fortunes at stake and their sensitivity is to mathematics rather than psychology.

An austerity program, they agree, is the method by which the franc can be returned to full value. But investors and speculators alike note that it was a rebellion against austerity that brought about the present crisis.

The board recommended that storm warnings be issued as far in advance as practicable, that the warnings be broadcast in a more meaningful manner relative to sea conditions, and that the number of warning display sites be increased and that the traditional flags be supplemented by plainly worded signs.

A principal cause of the loss of life was the failure of any of the victims to wear available life preservers or buoyant vests, or to use buoyant cushions, the board said.

The company said it is recalling 5,790 Rebels and 11,179 Ambassadors for inspection to locate the 5,622 believed to have faulty parts.

"Some of the components involved were found to be improperly treated by the vendor and are subject to failure under certain stress conditions," said E.W. Bernitt, vice president of safety and quality assurance.

Bernitt said the faulty parts came from one of two suppliers, and that both the Pitman and Idler arms are being replaced in cars found to have been equipped with faulty parts.

He said the possibility of arm breakage was greatest when the car was being parked or moving slowly.

Ronney also reappointed Clayton E. Johnson of Royal Oak to the State Board of Safety Compliance and Appeals.

Both appointments are subject to Senate confirmation.

**FOR SALE AND REMOVAL**

The City of Escanaba will receive sealed bids at the office of the Purchasing Agent, 124 N. 8th St. (Mailing Address—City Hall) on or before 2:00 P.M. (CST), December 4, 1968, for the Sale and Removal of a 2-story Frame House located at 1217 1st Ave. N.

Building to be removed from the premises (down to the foundation) not later than January 31, 1969.

A guarantee deposit of 10% of amount of bid is required along with the bid. Balance of bid to be paid as soon as the successful bidder is notified.

The City of Escanaba reserves the right to reject any or all bids.

For further information and inspection, contact E. A. Olson, Phone 786-3274 or Ken Toushak at the City Garage, Phone 786-1842.

E. A. OLSON

## It's Official Mich. Is HHH's

LANSING (AP)—It's official. Hubert H. Humphrey carried Michigan by 222,317 votes, getting 48.2 per cent of the total ballots cast.

But it still isn't known whether the state will observe Daylight Saving Time next summer. The Board of State Canvassers voted Monday to delay for two weeks official certification of figures showing DST defeated by 413 votes.

The delay was designed to give saving time backers an opportunity to study a breakdown of the vote in the Nov. 5 general election and decide whether to petition for a recount.

Doctors ran out of a skin supply for Gary at Children's Hospital of Michigan last August and Dr. Lloyd appealed for donors. A flood of answers came back from across the country after the Associated Press publicized the lad's plight.

But some other hospitals came up with cadavers from whom relatives approved the taking of skin for Gary. The boy's parents already had given as much as doctor's dared take.

The State Chamber of Commerce, along with spokesmen for airlines and retailers, requested the delay until Dec. 9. Spokesmen for the state's bartenders and farmers—who opposed saving time—agreed.

The board, however, put its official stamp on other results of the Nov. 5 election, including races for president, Supreme Court, Appeals Court, Congress, university boards and the Legislature.

Except for the daylight time issue, which was Proposition No. 2 on the ballot, the official canvass brought no surprises.

The results were the same as those indicated by unofficial returns gathered immediately after the election.

The unofficial tally, however, has indicated the Daylight Saving Time proposal passed by a small margin. The official canvass, completed last Friday, showed 1,402,002 votes for it and 1,405,415 against.

With some wage increases actually topping 20 per cent, the prices of French goods rose sharply. Inflation took hold of the economy. And French goods in foreign markets weren't nearly as competitive as they were just months earlier.

The increase in French prices, said traders, investors and speculators, did not represent true value. The franc really wasn't worth what the French claimed for it. It really did not buy 20 cents worth of workmanship and materials, they said. Perhaps more like 17 cents.

Austerity, in theory, should return value to the franc. But rather than trying to save the par value of the franc, De Gaulle could instead be playing a dangerous game with the entire mechanism of fixed exchange rates.

For several years De Gaulle has pointed to weakness in the system, and time after time has advocated change. Now, although the franc is dangerously weak, it might, ironically, have provided De Gaulle with a powerful weapon.

By declining to devalue the franc, De Gaulle has brought instant pressure against the entire system of relative values. His price for devaluation might be his long sought changes. By withholding assent, he perhaps feels he might now have his opportunity for enforcing change.

The board recommended that storm warnings be issued as far in advance as practicable, that the warnings be broadcast in a more meaningful manner relative to sea conditions, and that the number of warning display sites be increased and that the traditional flags be supplemented by plainly worded signs.

A principal cause of the loss of life was the failure of any of the victims to wear available life preservers or buoyant vests, or to use buoyant cushions, the board said.

## Burn Victim, 13, Out For Holiday

DETROIT (AP)—To the more than 3,000 citizens who offered to share their skin with 13-year-old Gary Shapiro last August:

Gary is going home for Thanksgiving.

Burned over more than 50 per cent of the body one time were considered fatal, but Dr. Lloyd said newer techniques now make it possible to save half or more of these cases.

Doctors ran out of a skin supply for Gary at Children's Hospital of Michigan last August and Dr. Lloyd appealed for donors.

The State Chamber of Commerce, along with spokesmen for airlines and retailers, requested the delay until Dec. 9.

Spokesmen for the state's bartenders and farmers—who opposed saving time—agreed.

The delay was designed to give saving time backers an opportunity to study a breakdown of the vote in the Nov. 5 general election and decide whether to petition for a recount.

## Pack Of Dogs Mauls Boy, 7

KALAMAZOO (AP) — A seven-year-old boy was mauled and severely bitten by a pack of German Shepherd dogs today while he was walking to a nearby school.

Physicians at Borgess Hospital said Carl Wilson, son of Mr. and Mrs. Carl Wilson Sr., was in fair condition. They described his case as "the worst dogbite case" they had seen in recent years.

Kalamazoo police said that at least two, and possibly four of the big dogs attacked the youngster, who was on his way to his first-grade class. No one saw the actual attack but a neighbor, Charles Glasheen, was one of the first to see the boy down on the ground with the dogs biting and clawing him.

Glasheen and other residents rushed in and drove the dogs away. They rushed the boy, his clothes bloody and torn, to the hospital.

Adrian Vander Weele, Kalamazoo County dog officer, said that two large shepherd dogs were brought to the dog pound a bit later by Willie Smith, whose home is near the Wilson residence. Smith identified himself as owner of the two dogs which were put into confinement for 10 to 14 days while rabies tests are made.

Police said that several witnesses, including Glasheen, said four dogs took part in the attack and a hunt was underway for the others.

Beverly Busick

### Area Students Winners In Wool Contest

MARQUETTE—Beverly Busick, 19, of Daggett and Julie Niemisto, 16, of Petkile, are the winners of an Upper Peninsula Make - It-Yourself-With-Wool contest held Saturday at Northern Michigan University.

Miss Busick was the winner in the senior division while Miss Niemisto took junior division honors. Both were awarded all-expense paid trips to the state finals in East Lansing on Dec. 7, at which time one girl will be named from 22 participants to represent Michigan in the national competition to be held Jan. 17 in San Francisco.

Miss Busick's winning attire was a plumb colored cape and skirt with slit openings on the side seams and a front button opening and a slim skirt with a side zipper. She is the daughter of Mr. and Mrs. Elmer Busick and is a student at Bay of Noc Community College, Escanaba.

Miss Niemisto's ensemble was a coat-dress in red wool with white buttons, fashioned in empire style with a black belt. She is the daughter of Mr. and Mrs. Reuben Niemisto and attends Baraga High School.

Senior runner-up was Mary Maki of Baraga. Placing second in the junior section was Suzie Raatz of Kingsford.

In the sub-deb division, including girls ages 10 to 13, Cheryl LeClair of Gladstone was first, and Debra Bietila of Iron Mountain was second.

In order to participate in the contest, girls had to make and model their own garments. All fabric used had to be 100 per cent wool loomed in America. Judges for the program were Miss Ingrid Tervonen, Escanaba; Mrs. Alfred Palmer, Stephenson; Miss Nancy Hill and Mrs. Laurence Sain Marquette; Mrs. Chester Good, Bark River; and Miss Carey Turino, Ishpeming.

The Christian Democrats have announced 53-year-old Rumor as their unanimous choice for premier, and Socialist secretary Mauro Ferri said Monday night his party would accept anyone the Christian Democrats chose.

Alessandro Pertini, the Socialist president of the chamber of deputies, was expected to return to the exploratory mandate President Giuseppe Saragat gave him Sunday. Saragat then would turn to Rumor.

Formation of a new center-left majority government would not only end a week-long crisis that has been aggravated by labor and student unrest. It would promise an end to six months of political uncertainty since the Socialists quit the government following announcement by the Socialists that they are ready to renew the alliance.

Rome (AP) — The way appeared clear today for Mariano Rumor, secretary of the Christian Democratic party, to head a new center-left government following announcement by the Socialists that they are ready to renew the alliance.

Adrian Vande Weele, the Socialist president of the chamber of deputies, was expected to return to the exploratory mandate President Giuseppe Saragat gave him Sunday. Saragat then would turn to Rumor.

In the sub-deb division, including girls ages 10 to 13, Cheryl LeClair of Gladstone was first, and Debra Bietila of Iron Mountain was second.

In order to participate in the contest, girls had to make and model their own garments. All fabric used had to be 100 per cent wool loomed in America. Judges for the program were Miss Ingrid Tervonen, Escanaba; Mrs. Alfred Palmer, Stephenson; Miss Nancy Hill and Mrs. Laurence Sain Marquette; Mrs. Chester Good, Bark River; and Miss Carey Turino, Ishpeming.

The Christian Democrats have announced 53-year-old Rumor as their unanimous choice for premier, and Socialist secretary Mauro Ferri said Monday night his party would accept anyone the Christian Democrats chose.

Italy was left without even a minority government last week when caretaker premier Giovanni Leone resigned. He did it to try to force a revival of the center-left coalition, but instead it caused a power struggle in the Christian Democratic party between Rumor and former Premier Aldo Moro.

Moro announced he was quitting the party's majority, and Rumor then resigned with the directorate of the party. After three days of talks, the Christian Democrats rejected Rumor's resignation and united to back his bid to lead a new government.

The victory was no major triumph for Rumor. He was forced to abandon his plan to remain head of the party machinery while giving the premiership to one of his close allies, Treasury Minister Emilio Colombo.

Moro and other party leaders opposed this because it would have given Rumor's faction control of both the government and the party machinery. There was no indication, however, who would succeed Rumor as party secretary. Moro's faction is slightly to the left of Rumor's.

The newspaper quotes a U.S. official as saying:

"North Korea has already talked about as much propaganda from the seizure as it can expect."

"Rather than run the risk of a black eye, and loss of an expensive vessel on the high seas, it may be willing to turn the Pueblo crewmen back and close the books on the incident."

The first of the two ships ordered about a year ago is now nearly ready for delivery with a North Korean captain and crew standing by, the newspaper said.

While the United States has made no explicit threats concerning seizure of the ships, the story continues, North Korea, in view of the implied threat, might move to release the crewmen.

## Work Rules Reported Big Obstacle In C&H Strike

The fears expressed before the Aug. 21 start of the strike of Local 4312 of the United Steelworkers of America at the copper mines and mills of Calumet & Hecla, Inc., in the Calumet area have been realized.

The three mines, the mills and smelters operated by the Calumet Division of Universal Oil Products Co., of Aurora, Ill., have been closed since start of the August strike and there has been no report of progress in negotiations. A federal conciliator brought representatives of the company and union into conference last week.

C&H is the largest employer in the Keweenaw area of Upper Michigan's Copper Country. About 1,000 persons are affected by the strike, which has deepened the welfare problem in an area already depressed. More than a third of the peo-

ple of the area have incomes of \$3,000 a year or less, the poverty line.

### Fear In Area

The fear of the Copper Country that this might be more than just one more strike and that it might even mean the end of mass copper mining in the area grew out of several factors. The mines are old and deep and the mining operation has been declining. It has not paid wages as high as those in the western part of the Copper Country at White Pine, in Ontonagon County, where Copper Range Co.'s wholly owned subsidiary, White Pine Copper Co., is mining a copper ore, not mass copper.

And especially, the fear about continued operations has resulted from the changes in Calumet & Hecla, Inc., itself. The company was a blue chip stock for

many years because of its consistent high profits from the mining and smelting of copper in the Calumet area. Then copper processing, as by C&H's Wolverine Tube Division, and other divisions in other industrial activities became as important — and finally more so — than the parent division. Calumet Division (copper mining) finally had only one director on the C&H Board.

### Industrial Change

And then C&H was sold to Universal Oil Products, which is not otherwise in the mining business, but in manufacturing, especially in petroleum industries. This put Calumet Division on the spot to produce impressively in the tradition of America's new conglomerate type of industrial merger. Wobbly divisions often get the axe.

These fears may have been unspoken, but they existed as the Copper Country braced for the labor negotiations that failed and ended in the Aug. 21 strike.

The new general manager of Calumet Division, Cecil H. Sutter, told a public meeting in Calumet that C&H's offer to the union "was the best proposal C&H ever made and we didn't build up to it. We presented what we thought was a fair and just offer. We were surprised it was rejected."

### Wage Offer

The company proposed raising wages from 55 cents to 94½ cents an hour over three years. Lowest paid workers now getting \$2.12 an hour would get \$2.67 on Aug. 22, 1970, highest paid workers now getting \$2.57 would get \$3.52.

Eugene Saari, union organizer, said janitors in C&H's Wolverine Tube Division get \$2.75. The higher wages at White Pine have always ranked workers at Calumet. The two mining operations are different and have different earning potentials, but the disparity creates dissent.

In union ranks, however, the C&H package of offerings is regarded as near acceptable and the crucial dissent that causes the strike is reported to be company proposals for knocking out seniority and other union practices that would hurt the local with its membership. The action has been on wages, but expanded management power over employment is described as the basic trouble.

The action has been on wages, but expanded management power over employment is described as the basic trouble.

Advances outnumbered declines by nearly 2 to 1, and the Dow Jones industrial average was up more than 6 points.

Blue-chip strength bolstered the average.

Procter & Gamble and IBM climbed nearly 4 points.

American Smelting rose 3¾ to 7¾ on an opener of 9,500 shares. Lorillard gained more than 2.

The Dow industrials on Monday finally managed to top their previous peak for 1968, putting it in gear with other averages which have been making a series of new highs.

Wall Street still appeared in a cheerful mood at the ability of stocks to shrug off the series of disconcerting reports about the European currency crisis. The conviction grew that the U.S. dollar would not be affected.

Pan American World Airways and Lionel, each fractional gainers, were volume pacemakers in early trading.

Also very active and up more than a point each were Ling-Temco-Vought, Marcor and Pennzoil United, the latter reportedly having made a proposal for a tax-free transaction combining Pennzoil with American Smelting. American Smelting was delayed in opening.

The new windshield has a chemically tempered inner pane with resiliency to resist breakage in low and medium speed accidents, said Clark Crawford of Corning's industrial products department.

"Under severe impact," Crawford said, "the thin inner pane breaks into granules which would have little more than an abrasive effect."

In the event the inner pane breaks under severe impact, Crawford said, much of the impact force is absorbed by the "fishnet" action of the windshield, which serves to cushion the blow and keep passengers inside the car."

A breaking and entering of a house trailer being used in woods work is under investigation by State Police. Roscoe Pratt, Rte. 1, Rapid River, reported a two-burner gas plate, a heating stove and parts to the stove were taken. The trailer was parked about a mile and a half west of Federal Forest Highway 13 on the Haynes Dam Rd., officers said.

The ICC said its final decision will be made later. Meanwhile, it said, it will permit the higher rate now because "of a critical need on the part of the railroads for additional revenue to offset increased operating costs."

The railroads filed petitions for rate increases last March. The 3 to 10 per cent selective increase would provide an estimated \$46.2 million in additional rate set last June.

The ICC said its final decision will be made later. Meanwhile, it said, it will permit the higher rate now because "of a critical need on the part of the railroads for additional revenue to offset increased operating costs."

The railroads filed petitions for rate increases last March. The 3 to 10 per cent selective increase would provide an estimated \$46.2 million in additional rate set last June.

The ICC said the increases can take effect on one day's notice but are subject to an automatic refund if the final decision determines the schedules are unwarranted in whole or in part.

The Hyde Kings and Queens 4-H club will meet at the Ford River Township Hall Wednesday from 7 to 8:30 p.m. Members plan and evaluation reports will be turned in. New officers elected at the October meeting will take charge. They are Laurel Brayak, president; Karen Kleiman, vice president; Jeanne Dittrich, secretary and Dianne Dittrich, treasurer. Parents are welcome.

## Pamela Terrien Bride Of Ronald J. Caron

All Saints Church, Gladstone, was the setting Saturday, Nov. 9 for the wedding of Pamela Terrien of Gladstone and Ronald Joseph Caron of Escanaba.

Officiating at the double ring nuptials at 10:30 a.m., was Msgr. Matt LaViolette. The bride is the daughter of Mr. and Mrs. Bernith Terrien of 1502 Montana Ave., Gladstone and parents of the bridegroom are Mr. and Mrs. Donald Caron of 1210 N. 21st St., Escanaba.

Matron of honor for her sister was Mrs. Raymond Cousineau Jr., of Green Bay and bridesmaid was Mary LaFave of Gladstone.

Serving as best man was Raymond Cousineau Jr., of Green Bay, brother-in-law of the bride and groomsman was Michael Frappier of Escanaba. Seating the guests were Terry Terrien of Gladstone and John Caron of Escanaba, brothers of the couple.

**Satin Gown**  
The bride selected for her wedding a white satin A-line gown with lace and pearl trim fashioned with a Sabrina neckline, long sleeves and a full chapel train.

A tulle florette headpiece with pearl and crystal trim held her imported silk illusion veil and she carried a cascade arrangement of white carnations with ivy foliage.

## Births

DUBORD — Mr. and Mrs. Richard Dubord of 800 S. 11th St. welcomed their first child, a daughter, Gina Marie, at 12:35 p.m. on Nov. 22. The infant weighed 6 pounds and 15 ounces at birth. Mrs. Dubord is the former Edna Cook.

ABREGO — A son, their first child, was born to Mr. and Mrs. Paul Abrego of Rte. 1 Cornell at 3:45 p.m. on Nov. 25. The infant weighed 6 pounds and 14 ounces at birth and has been named Richard Paul. The mother is the former Joyce Jungles.

Newspaper Want Ads are a big sell! One billion, twenty-one million was spent on classified ads last year . . . more than for all magazine advertising combined and more than 300 million more than radio advertising.

## Adventists To Participate In Relief Offering

Adventist members in Escanaba, together with those of other Seventh-day Adventist Churches around the world, will take a special relief offering on Nov. 30 to aid suffering war victims in East Nigeria.

An advance of \$50,000 has already been sent to the famine-stricken areas of Biafra, making a total of \$100,000 given by the church to date for this purpose.

Action designating the relief offering came at the close of a report given by Dr. Sherman Nagel at the church's recent biennial council in Toronto, Ontario, Nagel, a veteran of 22 years of medical work in Africa, returned to the U.S. last month.

Nagel told the church's top 300 officials that apart from the tremendous need for food, the people in East Nigeria have suffered immense material deprivations. Many of them have only the few rags they wear, having fled from their homes, traveling many miles on foot before the advancing armies.

"Their needs are staggering," the doctor said. "You have got to see it to believe it."

Dr. and Mrs. Nagel have been operating the church's 60-bed Northern Ngwa County Hospital in the secessionist state since 1964.

The Nagels left their post only when three other Adventist physicians and a male nurse arrived to relieve them.

THE ILCW OF THE Immanuel Lutheran Church are sponsoring their annual Christmas Musicales and Tea Wednesday, Dec. 4 in the church fellowship hall. The theme for this year is, "The Talking Christmas Tree." The event will be held from 2 to 4:30 p.m. and the public is invited to attend. Putting the finishing touches on articles for the Musicales are from left, Mrs. Orville Jensen, Mrs. Fred Breitzman, Kim Boerschinger, Carl Breitzman, Mrs. Roy Boerschinger, Mike Boerschinger and Mrs. Edna Forsman. (Daily Press Photo)

## Area Churches To Hold Thanksgiving Services

Pastor Philip Meili will preach the sermon. Special music will be provided. Coffee and cookies will be served after the service.

### BARK RIVER METHODIST

To commemorate Thanksgiving many area churches have scheduled festive Thanksgiving eve and day services as follows:

### CENTRAL UNITED METHODIST

Annual Thanksgiving service will be held at the church at 7:30 p.m. Sermon by the pastor and the Chancel Choir will sing an anthem.

### FIRST UNITED METHODIST

Joint Thanksgiving service with the First Presbytery congregation at 9:30 a.m. Thursday. The Rev. Philip Lyon will preach the sermon and the First Methodist Choir will sing. The offering will be used for hunger relief in Biafra.

### SALEM EV. LUTHERAN

Thanksgiving Eve service scheduled at 7:30 p.m. Special music will be provided by the choir. Rev. John J. Wendland, pastor.

### FIRST PRESBYTERIAN

Joint Thanksgiving Day service with First Methodist congregation at 9:30 a.m. Thursday at the First Methodist Church.

### CALVARY BAPTIST

The annual Thanksgiving service will be held at 7 p.m. Wednesday. Special music will be provided by the congregation to help with the construction of a youth camp at Lake Ellen, near Channing. One building has been completed and the funds raised at this time will be used to construct a kitchen and dining hall facility.

### BETHANY LUTHERAN

The annual Thanksgiving eve service will be held at 7:30

### FIRST LUTHERAN, TRENTON

The Thanksgiving day service will be celebrated at 9 a.m. Thursday. Open communion will be celebrated and special music will be provided by the Lutheran and Methodist Choirs.

### BETHEL FREE CHURCH, GLADSTONE

Members of Grace Baptist Church and Bethel Evangelical Free Church join for a united Thanksgiving service Wednesday at 7:30 p.m. at the Bethel Free Church.

### SENAY HOSPITAL

Ed Stone is a patient at the Veterans' Hospital in Iron Mountain.

### RETURNS HOME

Mrs. Pearl Smith returned Monday from Plainfield, Ill., where she visited with her son Donald and family. She was accompanied home by her son William and grandson Bob of Oregon, who visited in Seney for a few days.

ENTER THE 1968 "PICK THE WINNER"

**COLLEGE FOOTBALL FEST**

YOU MAY WIN CASH EACH WEEK!

**\$10 First Prize**      **\$5 Second Prize**

The individual advertisements on this page will contain the names of two football teams scheduled to play during the week. Read the ads carefully. Follow the simple rules of the contest. Entry blanks must be filled out correctly.

### CONTEST RULES

- This football contest is open to everyone except the employees of the Escanaba Daily Press and their families.
- No contestant may submit more than one entry a week under his own or any other name.
- List the winner you chose for each game on the numbered line corresponding to the number in the advertisement. Then write the name of the advertiser on the opposite line.
- All entries must be completed by noon on the Friday of the week the games are played. They may be brought into the Press office or mailed. They must be in the Daily Press office not later than the time specified above. Address all entries to "Pick the Winner" Editor.
- Tied scores must be so indicated on entry blank or they will be counted wrong.
- Names of contest winners will be announced in the Daily Press on the Tuesday following the games.
- In the event of a tie the entry with the first postmark will be judged the winner.

THE DECISION OF THE JUDGES IS FINAL!

## On The Sidelines With Mike Utt

Eleven U. P. players received letters at Northern Michigan University last week for the 1968 football season. Included on the list of 34 lettermen were Jim Lindstrom, Iron Mountain; Geoff Sitkoski, Iron River; Guy Kangas, Ironwood; Rich McCarthy, Kingsford; Bob Bertrand, Menominee; Mike Perry and Tom Watson, Newberry; Arlen Bell, Sault Ste. Marie; Doug Peterson, Stambaugh and Jerry Lutri, Stephenson. Twenty of the 1968 letter winners are expected to return for the 1969 season.

\* \* \*

Former Hermansville eager Randy Fochesato scored eight points on four field goals in his debut with the Lake Superior State College Lakers basketball team. The Lakers won their season opener by conquering Laurentian, 82-54, in Sudbury, Ont.

\* \* \*

Kip Craze of Rockland retained his title as World Champion breast-stroke swimmer at the International Para-Olympic Wheelchair games held in Israel a short time ago. Craze won the coveted gold medal by defeating his nearest competitor by one second. This was the second gold medal for Craze, as he took his first one four years ago in London.

\* \* \*

Rolf Deming, professional at the Menominee Riverside Country Club, will become a member of the pro golf tour. Deming, who will continue as Riverside's head pro, will be financed by members of the club. He won the Minnesota State High School title three times while attending Roosevelt High School in Minneapolis and won the Minnesota amateur title in 1963.

\* \* \*

Mike Sigfrids, former captain of the Rapid River High School basketball team, recently scored 24 points in an intra-squad game at Mackinac College. Sigfrids is expected to hold down one forward post on the Mackinac varsity squad.

\* \* \*

The highest scoring performances this season in the U. P. have been turned in by Champion's Larry Laitala and Hancock's Rick Salani. Laitala netted 44 points on 18 field goals and eight free throws in Champion's 73-70 victory over Carney on Friday night and Salani notched 40 points on 15 field goals and ten free throws in Hancock's 95-83 victory over L'Anse a week ago.

## Worst Kept Secret To Be Known Today

NEW YORK (AP) — The year's worst kept secret leaps out of the bay today when Southern California's phenomenal Simpson is formally designated as winner of the Heisman Trophy as the best college football player of the season.

The Downtown Athletic club has called a noon (EST) press conference and arranged a long distance interview, obviously from Los Angeles.

With one more game to play before the Rose Bowl—the date in Los Angeles Saturday with Notre Dame—Simpson will delay his personal appearance and receipt of the trophy until next week.

The only unknown factor in this year's voting among a special panel is the vote differential.

Simpson is certain to be close to a unanimous choice, with halfback Leroy Keyes of Purdue the probable runner-up and all-around quarterback Terry Hanratty of Notre Dame likely third in the balloting.

There was strong sentiment last year for Simpson but the honor went to his across-town rival, quarterback Gary Beban of UCLA.

The 6-2, 207-pound Simpson, a superb athlete with the effortless grace of a deer but the shattering power of a bull, cracked collegiate ball-carrying records this year in leading Southern Cal to nine straight victories and the No. 2 national ranking.

He has overshadowed the performances of such all-time great running stars as Red Grange, Tom Harmon, Glenn Davis, Jimmy Brown and Gale Sayers.

He has carried the ball this year 334 times, a record, and piled up 1,654 yards rushing, a new peak in that category. He has scored 21 touchdowns, the most in the nation.

A transfer from City College of San Francisco, Simpson has played only two seasons with USC but in that period has accomplished more than many top-grade athletes are able to one vote.

On offense, Johnson and injury-handicapped Leroy Keyes of Purdue repeated from the 1967 No. 1 lineup. Holdovers on defense were Kyle, end Bob Stein of Minnesota and linebacker Ken Critter of Wisconsin. Advancing from the 1967 second team to first were center Jack Rudnay of Northwestern and defensive back Ted Provost of Ohio State.

The only unanimous choices by the AP's selection board were Ron Johnson, Michigan's record-breaking runner; defensive back Tom Curtis of the Wolverines, who set an interception mark; and Dave Foley, Ohio State's huge offensive tackle. Chuck Kyle, Purdue middle guard, missed unanimity by one vote.

On offense, Johnson and injury-handicapped Leroy Keyes of Purdue repeated from the 1967 No. 1 lineup. Holdovers on defense were Kyle, end Bob Stein of Minnesota and linebacker Ken Critter of Wisconsin. Advancing from the 1967 second team to first were center Jack Rudnay of Northwestern and defensive back Ted Provost of Ohio State.

His career record shows him with 3,063 yards rushing and 32 touchdowns. No athlete has ever gained more on the ground in two years.

O. J. has a good chance of grabbing two other season marks with a game left against Notre Dame. He needs only 17

points to overtake Jim O'Brien of Cincinnati, who has finished for the scoring lead. He needs to pick up 85 more yards in any fashion—running, pass-catching, kick-returning—to pass Eugene Morris of West Texas State as the nation's No. 1 all-purpose back of 1968. Morris has 1,957 yards, Simpson 1,872.

O. J., called "Orange Juice" by his mates, grew up with a brother and two sisters in a black neighborhood of San Francisco called Portero Hills. They were reared by their mother, a hospital worker.

In high school, he was a 5-10, 160-pound Tackle. He frequently was in trouble with juvenile authorities. Later he fell under the influence of the Booker T. Washington Community Center, which headed him toward a college education.

Simpson is certain to be close to a unanimous choice, with halfback Leroy Keyes of Purdue the probable runner-up and all-around quarterback Terry Hanratty of Notre Dame likely third in the balloting.

On offense, Johnson and injury-handicapped Leroy Keyes of Purdue repeated from the 1967 No. 1 lineup. Holdovers on defense were Kyle, end Bob Stein of Minnesota and linebacker Ken Critter of Wisconsin. Advancing from the 1967 second team to first were center Jack Rudnay of Northwestern and defensive back Ted Provost of Ohio State.

The only unanimous choices by the AP's selection board were Ron Johnson, Michigan's record-breaking runner; defensive back Tom Curtis of the Wolverines, who set an interception mark; and Dave Foley, Ohio State's huge offensive tackle. Chuck Kyle, Purdue middle guard, missed unanimity by one vote.

On offense, Johnson and injury-handicapped Leroy Keyes of Purdue repeated from the 1967 No. 1 lineup. Holdovers on defense were Kyle, end Bob Stein of

## LEGAL NOTICES

PUBLIC NOTICE  
WFRV-TV, Inc., the applicant for construction permit for a new television broadcast station on Channel 3 (60-66mc) in Escanaba, Michigan, Amendment No. 6 to that application, which proposes a different transmitter site than proposed in the initial application and which changes the proposed community of license from Brampston, Michigan, to Escanaba, Michigan, was tendered for filing on the 1st of October, 1968.

The officers, directors or owners of 10 per cent or more of the applicant's stock of WFRV-TV, Inc., are W.A.V.E. Inc., Ralph S. Jackson, Robert O. Southard, T. Ballard Morton, Jr., Jane Morton Norton, Arthur M. King and Mary Norton Shands.

A copy of the application and related material, including amendment No. 6 is on file for public inspection at John G. Erickson, Attorney, 107 South Third Street, Escanaba, Michigan.

T-1978; Nov. 22, 23, 25, 26, 1968

## Card of Thanks Balthazore

We wish to thank our friends, neighbors and relatives for their kindness and sympathy in our bereavement, the death of our dear son, husband, father and brother, John Lester Balthazore. We are grateful to Father Charles Carmody, Father James Pepin and Father Michael of Newberry for their comforting words, to the pallbearers to those who sent flowers, spiritual bouquets, those who offered the love of their cars, the City Maintenance Crew and Maintenance of schools. Your kind acts will always be remembered.

Family Of  
James Lester Balthazore

# GLADSTONE Churches Unite For Thanksgiving Service

First Lutheran Church will host the United Thanksgiving Service at their new church at 1212 Minneapolis Ave., Wednesday at 7:30 p.m. Other churches joining in the service are Evangelical Covenant, Memorial United Methodist and Trinity Episcopal. The public is invited to attend.

The combined choirs, under the direction of Paul Cowen, director of Memorial United Methodist Church and director of music at Gladstone High School, will sing: "Thanks Be to God", by Dickson and "Now Let Every Tongue Adore Thee", by Bach.

The Rev. Reuben L. Carlson, pastor of the host church, will lead the worship service; the Rev. Loren Anderson, pastor of the Evangelical Covenant Church, will lead the congregation in Responsive Reading; The Rev. William Verhelst, pastor of Memorial United Methodist Church, will read the Old and New Testament Scripture Lessons, and the Rev. Philip Nancarrow, pastor of

Rev. Philip Nancarrow

missions in urban and rural work, from First Lutheran Church; the Bishop's Fund, for Urban work, from Trinity Episcopal Church; and the Fund of Reconciliation for use in social missions in urban and rural work, from Memorial United Methodist Church. The Rev. Mr. Verhelst has suggested that any outstanding donations be contributed on Wednesday evening.

The local clergymen invite members of the respective churches and all others interested to share in this united service, expressing our unity in Christ, our thanks to God for His blessings, and our common desire to be His servants in our world.

## Births

JOHNSON — Mr. and Mrs. Steve Johnson, of Utica, Mich., are the parents of a daughter, Jill Elizabeth, born Nov. 4. The infant is the third child in the family and weighed five pounds and two ounces at birth. She has two sisters, Kristi and Lauri. The mother is the former Judy Standing, and her parents, Mr. and Mrs. Pete Standing, 609 Montana Ave., have just returned from visiting with the family. The Standings also visited their daughter, Mrs. Neil Buchholz and family in Ann Arbor.

Special offering envelopes have been distributed in the participating churches and others will be available at the church. The offering will be allocated to the World Relief Fund from the Evangelical Covenant Church; the "Inasmuch Fund" for use in social

surviving is his wife, Vera, two sons, LeRoy, Iron Mountain; Howard, Pinconning and a daughter, Mrs. Leonard (Eva) Porath, Rte. 1, Gladstone. There are also 15 grandchildren and 20 great grandchildren.

Fathers may call at the Anderson-Johns Funeral Home from 4 to 9 p.m., today. Funeral services will be held at 2:30 Wednesday afternoon at the funeral home chapel with Rev. Kelvin Newman of Prescott, Mich., officiating. Rev. Gerald Brady of the Bethel Free Church, Gladstone, will assist.

Military rites will be by the August Matton Post of the American Legion.

Burial will be in Fernwood Cemetery.

## Briefly Told

The Gladstone School and Public Library will be open until 5 p.m. on Wednesday and will be closed for the remainder of the week according to Mrs. Doreen Anderson, librarian. Regular hours will be resumed on Monday following the Thanksgiving Holiday.

## Gladstone Okays Four-Step Plan To Halt Pollution

The City Commission Monday night adopted a four-step plan to abate water pollution in the Gladstone area.

City Manager H. J. Henrikson told the Commission Monday night that the action would be required of the city by the State Water Resources Commission.

The program calls for a preliminary study to be completed by Dec. 1, 1969; approval by the Michigan Department of

Health by Dec. 1, 1970; contracts to be let by May 1, 1971, and completion of the program by June 1, 1972.

Construction of such a system will be contingent upon state and federal financial assistance. Henrikson said he understands that state and federal funds, possibly on a matching basis, will be available.

Williams & Works, Inc., Grand Rapids, is studying the Gladstone situation at present as sewage samples have been taken for analysis.

The Commission also approved installation of a burglar alarm system at Neurohr's Jewelry Store, 922 Delta Ave., which will be connected to the police station. Work will be paid for by Fred Neurohr, proprietor.

The Commission authorized the attendance of Dennis Achner at a public health school for laboratory work on sewage waste scheduled at Gull Lake in January. The school is sponsored by Michigan State University. The action was taken at the request of Martin Caldwell, superintendent of the Gladstone disposal plant.

Dr. Otto Hult asked and received the support of the city for the Gold Cup Snowmobile program being planned for February by the Gladstone Yacht Club. He also requested a permit for a parade planned on the Friday evening prior to the race program. The city also will purchase two pages of advertising in the program book.

The Commission agreed that the race event is an excellent winter promotion for Gladstone.

Henrikson said he had discussed the smoke problem with officials of Habitant Fence Co., and was told the company is working on a new system of sawdust disposal. Plans call for pressing the sawdust into blocks and coating the blocks with plastic before burial at the sanitary landfill site.

Complaints on youngsters operating snowmobiles in the city were discussed. Henrikson said he would have copies made of an act passed by the Michigan legislature for review by the commission.

## Amb. Komer Cited No Corpse; Man Held For Murder

WASHINGTON (AP) — Ambassador Robert W. Komer Monday was presented with the State Department's Distinguished Honor Award for "outstanding contributions to U.S. military and civil objectives in Vietnam."

The presentation was made by Secretary of State Dean Rusk to Komer, 46, who leaves Wednesday for a new assignment as ambassador to Turkey. Komer served since May 1967 as deputy for pacification in South Vietnam with the personal rank of ambassador.

A native of Chicago and a graduate of Harvard, Komer has been a career civil servant since 1947, working with the Central Intelligence Agency and the National Security Council.

## James Bastian Dies Monday

James Alexander Bastian, 80, of Quinnesec, a former resident of Gladstone, died at 3 p.m., Monday at the Veterans Hospital in Iron Mountain.

A retired custodian of the Delta County Court House, Bastian was born on July 1, 1888 at Nadeau. He was a member of the American Legion and World War I units at West Branch, Mich.

Surviving is his wife, Vera, two sons, LeRoy, Iron Mountain; Howard, Pinconning and a daughter, Mrs. Leonard (Eva) Porath, Rte. 1, Gladstone. There are also 15 grandchildren and 20 great grandchildren.

Fathers may call at the Anderson-Johns Funeral Home from 4 to 9 p.m., today. Funeral services will be held at 2:30 Wednesday afternoon at the funeral home chapel with Rev. Kelvin Newman of Prescott, Mich., officiating. Rev. Gerald Brady of the Bethel Free Church, Gladstone, will assist.

Military rites will be by the August Matton Post of the American Legion.

Burial will be in Fernwood Cemetery.

## Football Honors For Brian Cannon

Brian Cannon, of Neenah, Wis., grandson of Mr. and Mrs. Peter Cannon, 1216 Dakota Ave., was selected one of the top three rushers on the All Fox River Valley Conference football team. He is a senior at Neenah High School.

Cannon gained 546 yards on the ground, 311 yards on 13 catches and passed for 97 yards. Selections for the honors are made by Sports Editors of the Fox Valley Sports Writers Association. He is the son of Mr. and Mrs. Patrick Cannon, former Gladstone residents.

## Church Events

### Trinity Episcopal

Holy Communion will be celebrated at 10 a.m., Thursday with the Rev. Ben Helmer, celebrant, assisted by the Rev. Philip Nancarrow and Don Williams.

British Enact  
New Race Law

LONDON (AP) — Britain's new race relations act went into effect Monday amid a stormy public debate over the proper way to approach the nation's growing race problem.

The act empowers the Race Relations Board to investigate and seek compliance with the law over a wide field of alleged acts of discrimination against Britain's 1 million colored people — 2 per cent of its population.

Up to now, the board was limited to investigating complaints of discrimination in certain public places. This resulted largely in efforts to conciliate between Asian, West Indian and African immigrants and pub owners who refused to serve them drinks.

Now the board's investigative powers have been broadened to acts of discrimination in the provision of any goods, facilities or services. This includes housing, hotels, educational institutions, banking, insurance, entertainment, travel and the service of any business, profession, trade or public authority.

Ten days ago, Enoch Powell, a rebellious Conservative for of colored immigration, proposed in a speech that Britain rigidly limit the flow of immigrants and set up a government ministry to assist the repatriation of those already here.

He predicted there would be 4.5 million colored people in Britain by the end of the century, with whole communities becoming predominantly or exclusively Afro-Asian. There would be, he said, "Several Washingtons in England," unless this was done.

## Margaret O'Brian Files For Divorce

LOS ANGELES (AP) — Former child screen star Margaret O'Brien has charged her art director husband with extreme cruelty in a divorce suit on file in Superior Court.

Miss O'Brien, 31, was married to Harold Robert Allen Jr., 33, on Aug. 9, 1959. They separated last Nov. 8 and have no children. It was the first marriage for both.

Attorney Samuel P. Norton, who filed the suit Monday for Miss O'Brien, said the couple agreed on a property settlement.

# Calumet & Hecla Talks Called Off

CLAUMET (AP) — Negotiations between Calumet & Hecla and the United Steelworkers have been adjourned, subject to recall by the federal mediators, in a three-month-old strike that shut the company's Upper Peninsula copper mines, mill and smelter.

Approximately 1,000 were idled by the strike called to support new contract demands on the part of the union.

Gene Saari of Houghton, representing the union, said a bargaining session which broke off at 6 p.m. Monday made no progress and that the two sides still are stalemated on both economic and noneconomic issues.

Saari said negotiators were told by Dan Edwards, representing the federal mediation service, that the two sides would be called together again later, but set no date for a meeting.

— Coming —  
"The Poor Cow"

Starts Thursday At 7 P.M. - 9 P.M.

— Ends Tonight —  
"A Lovely Way To Die"

## Death Claims Rev. Wilson

Rev. Albert W. Wilson, S. D. S., retired Military chaplain, died of sarcoma in Tucson, Ariz. He had served as pastor for the past two years at Vail, Ariz.

Born in Escanaba, the son of Mr. and Mrs. William G. Wilson, he attended the first two years of college at Jordan Seminary in Menominee. In 1935 he joined the Society of the Divine Savior (Salvatorian Fathers) and entered Catholic University in Washington, D.C. After his ordination to the priesthood in 1940, he spent three years teaching at Salvatorian Seminary, St. Nazianz and at Blackwood, N.J.

Beginning his Army career in 1943 during World War II, Father Wilson embarked on the first of his extensive overseas tours, which took him to New Guinea, the Philippines and Japan. He briefly returned to the United States, spent a year in the Aleutian Islands and left the service.

During the Korean War, he was recalled to active duty in Korea, after which he was sent to France and Germany. Since that time Father Wilson has been stationed in Hawaii, Missouri, Germany (from where he was medically evacuated to Valley Forge Hospital) and Fort Devens, Mass.

During his Army career, Father Wilson has received many honors, including the Bronze Star. Serving as a battlefield chaplain, Father Wilson administered the sacraments just behind the front line, held Mass to the accompaniment of shells bursting, comforted the wounded and dying and has been a friend to countless soldiers.

When serving the military during peace time, his duties were those of a parish priest. Funeral services for Father Wilson were held at J. F. K. Prep, St. Nazianz, Wis., with the Very Rev. Edward DeBruin, Provincial Superior of the Salvatorians, officiating. The Franciscan Sisters choir from Holy Family College, Manitowoc, provided the singing for the concelebrated mass and burial.

Father Wilson is survived by four brothers and five sisters, none residing in this area.

ONLY COPIES NOW  
he original draft of the Declaration of Independence has not been preserved. It was lost after it had been sent to a printer, but there are several copies in Jefferson's handwriting in existence.

Milwaukee — James A. Mezera, vice president of the Harnischfeger Corp.'s Construction and Mining Products Division has been elected to the company's board of directors.

President Henry Harnischfeger said that Mezera was elected to fill the vacancy created by the recent retirement from the board of Joseph W. Hambeuchen, New York, who had served since 1953.

Mezera has been a division vice president since September, 1967, and prior to that had served as vice president-administrative services. He joined the corporation as a staff accountant in 1955 and later served as controller before being named a vice president in 1964.

Mezera, 38, received his bachelor's and master's degrees in business administration from Marquette University. He is a certified public accountant in Wisconsin and is a member of the Financial Executives Institute, and both the American Institute and the Wisconsin Society of Certified Public Accountants.

A native of Two Rivers, Wis. Mezera and his family live at 15360 Heather Hill Drive, Brookfield, Wis.

Father Wilson is survived by four brothers and five sisters, none residing in this area.
